Dear Shareholder:

You are cordially invited to attend a special meeting of the shareholders of Del Global Technologies Corp., a New York corporation, (the “Company”) to be held on September 14, 2010, at 10:00 a.m. local time, at the offices of Olshan Grundman Frome Rosenzweig & Wolosky LLP, Park Avenue Tower, 65 East 55th Street, New York, New York 10022.

The principal business matters to be considered at the meeting will be proposals (1) to approve an amendment to our Certificate of Incorporation, as amended (“Certificate of Incorporation”) to increase the aggregate number of shares of common stock authorized to be issued by the Company from 50,000,000 to 100,000,000; (2) to approve amendments to our Certificate of Incorporation whereby the Company will effect a reverse stock split at a ratio of one-for-50, at any time prior to February 28, 2011, (the “Reverse Stock Split”) such that shareholders owning of record fewer than 50 shares of common stock, par value \$0.10 per share (the “Common Stock”) will have such shares cancelled and converted into the right to receive an amount based on the average closing price of the Common Stock for the ten trading days immediately prior to the effective date of the Reverse Stock Split for each share of Common Stock held of record prior to the Reverse Stock Split, followed by a forward stock split at a ratio of four-for-one, at any time prior to February 28, 2011, (the “Forward Stock Split” and together with the Reverse Stock Split, the “Reverse/Forward Stock Split”) such that all fractional shares remaining following the Forward Stock Split will be cancelled and converted into the right to receive an amount based on the average closing price of the Common Stock for the ten trading days immediately prior to the effective date of the Reverse/Forward Stock Split for each share of Common Stock held of record prior to the Reverse/Forward Stock Split; (3) to approve an amendment to our Certificate of Incorporation whereby the Company’s name shall change to DGT Holdings Corp.; and (4) to transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

Details of the proposals are set forth in the enclosed proxy statement, which you are urged to read carefully. The Board of Directors believes that the proposals are in the best interests of the Company and its shareholders. In arriving at its decision to recommend the proposals, the Board of Directors carefully reviewed and considered the terms and conditions of the proposals and the factors described in the enclosed proxy statement.

Your Board of Directors has unanimously approved each of the proposals and recommends that the holders of common stock vote FOR the approval of each of the proposals. As of the Record Date, Steel Partners Holdings L.P. and Warren G. Lichtenstein, collectively a beneficial holder of over 5% of our shares of Common Stock, and members of our Board of Directors and the executive officers (collectively, the “Affiliated Shareholders”) held a total of approximately 30.51% of the Common Stock entitled to vote at the

special meeting. The Affiliated Shareholders have indicated that they will vote “FOR” each of the Proposals described in this proxy statement.

The Board of Directors has fixed July 30, 2010 as the record date for the special meeting. Only shareholders of record at the close of business on that date will receive notice of and be entitled to vote at the special meeting. All shareholders are cordially invited to attend the special meeting.

If you attend the special meeting, you may revoke your proxy and vote in person if you wish, even if you have previously returned your proxy. Simply attending the special meeting, however, will not revoke your proxy; you must vote at the special meeting. If you do not attend the special meeting, you may still revoke your proxy at any time prior to the special meeting by providing a later dated proxy or by providing written notice of your revocation to our company’s Secretary. Your prompt cooperation will be greatly appreciated.

By Order of the Board of Directors

John J. Quicke
President and Chief Executive Officer

If it is convenient for you to do so, we hope you will attend the meeting. If you cannot attend, we urge you to mark, sign, date and return the enclosed proxy as promptly as possible in the postage-prepaid envelope enclosed for that purpose or vote by telephone or via the Internet (if those options are available to you) in accordance with the instructions on the enclosed proxy card or voting instructions card to ensure that your shares will be represented at the meeting if you are unable to attend. Your prompt cooperation will be greatly appreciated.

GENERAL INFORMATION

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on September 14, 2010

The Special Meeting.

The Board of Directors of Del Global Technologies Corp. (the “Company”) is soliciting proxies in the accompanying form to be used at the special meeting of shareholders to be held at the offices of Olshan Grundman Frome Rosenzweig & Wolosky LLP located in Park Avenue Tower; 65 East 55th Street; New York, New York 10022 on September 14 at 10:00 a.m. local time (the “Special Meeting”), or at any adjournment or postponement of the meeting. This Proxy Statement contains information about the items being voted on at the Special Meeting. It is anticipated that the Proxy Statement and the proxy will first be made available to shareholders on or about August 9, 2010.

Record Date and Voting.

The Board of Directors fixed the close of business on Friday, July 30, 2010, as the record date (the “Record Date”) for the determination of holders of outstanding shares of the Company entitled to notice of and to vote on all matters presented at the Special Meeting. Such shareholders will be entitled to one vote for each share held on each matter submitted to a vote at the Special Meeting. On the Record Date, there were 22,718,306 shares of the Company’s common stock, \$0.10 par value per share (the “Common Stock”), issued and outstanding, each of which is entitled to one vote on each matter to be voted upon. Shareholders may vote in person or by proxy.

Purposes of the Meeting.

The principal business matters to be considered at the meeting will be proposals (1) to approve an amendment to our Certificate of Incorporation, as amended (“Certificate of Incorporation”) to increase the aggregate number of shares of common stock authorized to be issued by the Company from 50,000,000 to 100,000,000 (the “Authorized Share Amendment”); (2) to approve amendments to our Certificate of Incorporation whereby the Company will effect a reverse stock split at a ratio of one-for-50, at any time prior to February 28, 2011, (the “Reverse Stock Split”) such that shareholders owning of record fewer than 50 shares of Common Stock will have such shares cancelled and converted into the right to receive an amount based on the average closing price of the Common Stock for the ten trading days immediately prior to the effective date of the Reverse Stock Split for each share of Common Stock held of record prior to the Reverse Stock Split, followed by a forward stock split at a ratio of four-for-one, at any time prior to February 28, 2011, (the “Forward Stock Split” and together with the Reverse Stock Split, the “Reverse/Forward Stock Split”) such that all fractional shares remaining following the Forward Stock Split will be cancelled and converted into the right to receive an amount based on the average closing price of the Common Stock for the ten trading days immediately prior to the effective date of the Reverse/Forward Stock Split for each share of Common Stock held of record prior to the Forward Stock Split; (3) to approve an amendment to our Certificate of Incorporation whereby the Company’s name shall change to DGT Holdings Corp. (the “Name Change Amendment”); and (4) to transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

Table of Contents

Quorum.

The required quorum for the transaction of business at the Special Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted “FOR,” “AGAINST” or “ABSTAIN” a matter are treated as being present at the Special Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Special Meeting with respect to such matter.

Abstentions and Broker Non-Votes.

Broker “non-votes” and the shares of Common Stock as to which a shareholder abstains are included for purposes of determining whether a quorum of shares of Common Stock is present at a meeting. A broker “non-vote” occurs when a nominee holding shares of Common Stock for the beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Neither broker “non-votes” nor abstentions are included in the tabulation of the voting results on the Authorized Share Amendment, the Reverse/Forward Stock Split and the Name Change Amendment and will have the effect of a vote against the Authorized Share Amendment, the Reverse/Forward Stock Split and the Name Change Amendment.

Voting of Proxies.

The Board of Directors of the Company is asking for your proxy. Giving the Board of Directors your proxy means you authorize it to vote your shares at the Special Meeting in the manner you direct. You may vote “FOR,” “AGAINST,” or “ABSTAIN” on the proposals to approve the Authorized Share Amendment, the Reverse/Forward Stock Split and the Name Change Amendment. If you “ABSTAIN,” from voting on the proposals to approve the Authorized Share Amendment, the Reverse/Forward Stock Split and/or the Name Change Amendment, it has the same effect as a vote “AGAINST.” All valid proxies received prior to the Special Meeting will be voted. All shares represented by a proxy will be voted, and where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted FOR the Authorized Share Amendment, the Reverse/Forward Stock Split and Name Change Amendment and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the Special Meeting. A shareholder giving a proxy has the power to revoke his or her proxy, at any time prior to the time it is voted, by delivering to the Secretary of the Company a written instrument that revokes the proxy or a validly executed proxy with a later date, or by attending the Special Meeting and voting in person. The affirmative vote of a majority of the shares of Common Stock outstanding on the Record Date is required to approve the Authorized Share Amendment, the Reverse/Forward Stock Split and Name Change Amendment. As of the Record Date, there were 22,718,306 shares of the Company’s Common Stock issued and outstanding. The form of proxy accompanying this Proxy Statement confers discretionary authority upon the named proxyholders with respect to amendments or variations to the matters identified in the accompanying Notice of Special Meeting and with respect to

Table of Contents

any other matters which may properly come before the Special Meeting. As of the date of this Proxy Statement, management of the Company knows of no such amendment or variation or of any matters expected to come before the Special Meeting which are not referred to in the accompanying Notice of Special Meeting.

You may vote using any of the following methods:

- *Proxy card or voting instruction card.* Be sure to complete, sign and date the card and return it in the prepaid envelope.
- *By telephone or over the Internet.* If you are a shareholder of record, you may vote over the Internet by following the instructions on your proxy card. If you hold shares in street name, you will receive separate voting instructions from your bank, broker or other nominee and may vote by telephone or over the Internet if they offer that alternative. Although most brokers, banks and nominees offer telephone and Internet voting, availability and the specific procedures vary.
- *In person at the Special Meeting.* All shareholders may vote in person at the Special Meeting. You may also be represented by another person at the Special Meeting by executing a proper proxy designating that person. If you hold shares in street name, you must obtain a legal proxy from your bank, broker or other nominee and present it to the inspector of election with your ballot when you vote at the Special Meeting.

Attendance at the Meeting.

Only holders of Common Stock, their proxy holders and the Company's invited guests may attend the Special Meeting. If you wish to attend the Special Meeting in person but you hold your shares through someone else, such as a stockbroker, you must bring proof of your ownership and identification with a photo at the Special Meeting. For example, you could bring an account statement showing that you beneficially owned shares of Common Stock of the Company as of the Record Date as acceptable proof of ownership.

Costs of Solicitation.

The cost of soliciting proxies will be borne by the Company. Such costs include the reasonable expenses of brokerage firms and others for forwarding the proxy materials to beneficial owners of Common Stock. In addition to solicitation by mail, solicitation may be made by certain directors, officers and employees of the Company, or firms specializing in solicitation; and may be made in person or by telephone or telegraph. No additional compensation will be paid to any director, officer or employee of the Company for such solicitation.

Certain Financial Information.

Please take note that the Company's Annual Report on Form 10-K for the fiscal year ended August 1, 2009 (the "2009 Annual Report") (without exhibits) and the Company's Quarterly Report on Form 10-Q for the fiscal period ended May 1, 2010 (the "Third Quarter 10-Q") (without exhibits) are available on the Internet along with this Proxy Statement at www.proxyvote.com.

INFORMATION ABOUT DEL GLOBAL TECHNOLOGIES CORP.

Market Information

Effective May 11, 2007, our common stock commenced trading on the Over the Counter “OTC” Bulletin Board under the symbol “DGTC.OB”. Prior to that, they had been traded on the “pink sheets,” under the symbol “DGTC.PK”. The OTC is an over-the-counter market which provides significantly less liquidity than established stock exchanges, and quotes for stocks included in the OTC are not listed in the financial sections of newspapers as are those for established stock exchanges. Our securities had been suspended from trading on the NASDAQ National Market on December 19, 2000 because we had not filed an Annual Report for the year ended July 29, 2000 within the SEC’s prescribed time period.

As of July 30, 2010 there were approximately 729 holders of record of our common stock. The following table shows the high and low sales prices per share of our common stock for the past eight quarters, as reported by the over the counter market. **PROPOSAL NO. 1 — AMENDMENT TO THE COMPANY’S CERTIFICATE OF
INCORPORATION TO INCREASE FROM 50,000,000 SHARES TO 100,000,000 SHARES
THE AGGREGATE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED TO BE ISSUED BY
THE COMPANY**

General

The Board of Directors has unanimously adopted a resolution approving, and recommending to shareholders for approval, the Authorized Share Amendment. If the shareholders approve the proposed certificate of amendment, the Company will file the certificate of amendment with the Secretary of State of the State of New York. The certificate of amendment will become effective on the date the amendment is filed with the Secretary of State of the State of New York, or such later date as is specified in the filing. The Company expects the amendment to become effective as soon as practicable following the Special Meeting. The additional shares of Common Stock to be authorized by adoption of the certificate of amendment would have rights identical to the currently outstanding shares of Common Stock of the Company. Adoption of the certificate of amendment would not affect the rights of the holders of currently outstanding Common Stock of the Company, except to the extent additional shares are actually issued, which may have certain effects as set forth below. The form of amendment is attached hereto as Annex A.

The Company currently has 50,000,000 authorized shares of Common Stock, of which 22,718,306 were outstanding as of July 30, 2010. The Company has reserved up to approximately 2,618,190 shares of Common Stock for issuance in connection with the Company’s equity incentive plans, 2,563,190 of which have been granted. Consequently, there are 2,563,190 shares of Common Stock that are either issued or reserved for issuance, with only 25,099,371 shares of authorized Common Stock available for future issuance.

The increase in the number of shares of Common stock to the proposed level is necessary in order for the Company to have enough shares available to complete the Company’s currently contemplated rights offering (as described below) and the Board of Directors believes that it is prudent to increase the authorized number of shares of Common Stock to the proposed level in order to have a sufficient number of shares of Common Stock to meet business needs as they may arise in the future. Such business needs may include, without limitation, future rights offerings, financings, acquisitions, establishing strategic relationships with corporate partners, providing equity incentive to employees, officers or directors, stock splits or similar transactions.

Other than potentially under the Company’s currently contemplated rights offering (as described below), the Company currently has no commitments, arrangements, understandings or agreements, whether oral or written, regarding any issuance of any portion of the additional authorized shares of Common Stock upon the approval of Proposal 1. The Company’s Board of Directors and management have recently had discussions regarding the need to raise additional capital. Among the options for raising capital currently under consideration by the Board of Directors is a rights offering under which all persons who hold shares of Common Stock as of a yet to be determined record date would receive at no cost rights to purchase shares of Common Stock at a fixed subscription price and in an amount proportional to their existing Common Stock ownership interest in the Company. The Company has filed a registration statement with the Securities and Exchange Commission relating to the rights offering. The Company expects that the total purchase price of the shares offered in the rights offering to be approximately \$15 million, assuming full participation. These securities may not be sold, nor may offers to buy be accepted, prior to the time the registration statement becomes

Table of Contents

effective. This proxy statement shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state in which such offer, solicitation or sale would be unlawful prior to their registration or qualification under the securities laws of any such state.

Possible Effects of the Proposed Amendment to the Certificate of Incorporation

If the shareholders approve the certificate of amendment, the Board of Directors will have the right to authorize the issuance of additional shares of Common Stock without further vote of the shareholders of the Company, except as provided under New York corporate law or under the rules of any securities exchange on which shares of Common Stock of the Company may then be listed. Current holders of Common Stock have no preemptive rights or similar rights, which means that such holders do not have a prior right to purchase any new issue of Common Stock of the Company in order to maintain their percentage ownership of the Company. The issuance of additional shares of Common Stock would decrease the proportionate equity interests of the Company's current shareholders and, depending upon the price paid for such additional shares, could result in dilution to the Company's current shareholders.

Although this proposal to increase the number of shares of Common Stock has been prompted by business and financial considerations of the Company and the proposed rights offering, and not by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at the Company), shareholders should be aware that approval of the amendment could facilitate future efforts by the Company to deter or prevent changes in control of the Company, including transactions in which the shareholders might otherwise receive a premium for their shares over then current market prices. For example, such shares could be privately placed with purchasers who might align themselves with the Board of Directors in opposing a hostile takeover bid, or, without further shareholder approval, be issued under the Company's "poison pill" which would give certain shareholders the right to acquire additional shares of Common Stock at a low price, making it prohibitively expensive for the acquiror to take control.

The availability of additional shares of Common Stock is particularly important in the event that the Board of Directors is presented with an opportunity, or deems it appropriate to engage in a business transaction on an expedited basis and therefore needs to avoid the time (and expense) of seeking shareholder approval in connection with the contemplated action. If the amendment is approved by the shareholders, the Board of Directors does not intend to solicit further shareholder approval prior to the issuance of any additional shares of Common Stock, except as may be required by applicable law or rules. The Company reserves the right to seek a further increase in the authorized number of shares from time to time as considered appropriate by the Board of Directors.

Vote Required

Approval of the Authorized Share Amendment will require approval by a majority of the shares of Common Stock that were outstanding on the Record Date. Accordingly, the Authorized Share Amendment will be approved if at least 11,359,154 shares of Common Stock are voted in favor of the Authorized Share Amendment. Following this shareholder approval, our Board of Directors

Table of Contents

will determine when, and if, to file the amendments with the Secretary of State of the State of New York. As of the Record Date, Steel Partners Holdings, L.P. and Warren G. Lichtenstein, collectively a beneficial holder of over 5% of our shares of Common Stock, and members of our Board of Directors and the executive officers (collectively, the “Affiliated Shareholders”) held a total of approximately 30.51% of the Common Stock entitled to vote at the Special Meeting. The Affiliated Shareholders have indicated that they will vote “FOR” the Authorized Share Amendment.

Appraisal and Dissenters’ Rights

No appraisal or dissenters’ rights are available under New York law or the Company’s Certificate of Incorporation or Amended and Restated By-Laws, as amended (“By-Laws”) to shareholders who dissent from the Authorized Share Amendment. The Company will not independently provide its shareholders with any such right.

PROPOSAL NO. 2 — AMENDMENTS TO THE COMPANY’S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT FOLLOWED BY A FORWARD STOCK SPLIT OF THE COMPANY’S COMMON STOCK

General

The Board of Directors has unanimously adopted a resolution approving, and recommending to shareholders for approval, amendments to the Company’s Certificate of Incorporation to effect a proposed Reverse Stock Split at a ratio of one-for-50, immediately followed by the proposed Forward Stock Split at a ratio of four-for-one, and authorized the Board of Directors to file such amendments, in its sole discretion, at any time prior to February 28, 2011 such that shareholders owning of record fewer than 50 shares of Common Stock (the “Cashed Out Shareholders”) will have such shares cancelled and converted into the right to receive an amount based on the average closing price of the Common Stock for the ten trading days immediately prior to the effective date for the Reverse Stock Split for each share of Common Stock held of record prior to the Reverse Stock Split. Following the Reverse Stock Split, the shares of all shareholders who are not Cashed Out Shareholders will be forward split pursuant to the Forward Stock Split. All fractional shares remaining following the Forward Stock Split will be cancelled and converted into the right to receive an amount based on the average closing price of the Common Stock for the ten trading days immediately prior to the effective date for the Reverse/Forward Stock Split for each share of Common Stock held of record prior to the Reverse/Forward Stock Split. The form of amendments are attached hereto as Annex B-1 and Annex B-2.

If the shareholders approve the Reverse/Forward Stock Split, subject to final action by the Board of Directors, the Company will file the amendments to the Company’s Certificate of Incorporation with the Secretary of State of the State of New York. The Reverse/Forward Stock Split will become effective on the date the amendments are filed with the Secretary of State of the State of New York, or such later date as is specified in the filings (the “Effective Date”). The Company expects the amendments to become effective as soon as practicable following the Special Meeting.

If the Reverse/Forward Stock Split is implemented, the number of authorized shares of our Common Stock, other than as a result of the approval by the Company’s shareholders of Proposal 1, or the par value of a share of Common Stock will not change by virtue of the implementation of the Reverse/Forward Stock Split. Except for the effects as a result of Cashed Out Shareholders and the payment for fractional shares to the remaining shareholders, each remaining shareholder will hold the same percentage of common stock outstanding immediately after the Reverse/Forward Stock Split as such shareholder held immediately prior to the Reverse Stock Split.

Our Board of Directors believes that reducing the number of shares of our common stock outstanding through the Reverse/Forward Stock Split will proportionately increase the per share price of our common stock and make our shares more appealing to investment funds and other institutional investors. An increase in stock price may also have the affect of meeting the initial listing requirements

Table of Contents

for listing on a National Stock Exchange. We also believe that our shareholders may benefit from a higher priced stock because of improved liquidity as a result of an increased interest from investment funds and other institutional investors and lower trading costs.

If the shareholders vote to approve Proposal No. 1, the Reverse/Forward Stock Split will be effected, if at all, only upon a determination by our Board of Directors that the Reverse/Forward Stock Split is in our and the shareholders' best interests at that time. In connection with any determination to effect the Reverse/Forward Stock Split, our Board of Directors will set the time for such stock splits. This determination will be made by our Board of Directors with the intention of creating the greatest marketability for our Common Stock based upon prevailing market conditions at that time.

Our Board of Directors reserves the right to elect not to proceed with, and to abandon, the Reverse/Forward Stock Split if it determines, in its sole discretion, that this proposal is no longer in our and our shareholders' best interests.

The Company had 22,718,306 shares of Common Stock outstanding as of the Record Date. The Company estimates that approximately \$10,000 will be paid in cash in lieu of fractional shares.

Background and Purpose of the Reverse/Forward Stock Split

The Reverse/Forward Stock Split proposal is intended to result in a price level for our Common Stock that will broaden institutional investor interest and to assist the Company in meeting the initial listing requirements of a National Stock Exchange. We believe that a number of investment funds and other institutional investors are reluctant to invest, and in some cases may be prohibited from investing, in lower-priced stocks and that brokerage firms are reluctant to recommend lower-priced stocks to their clients. By decreasing the number of our shares of Common Stock outstanding through the Reverse/Forward Stock Split, we believe we may be able to raise our Common Stock price to a level where our Common Stock could be viewed more favorably by potential investors. Investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for lower-priced stocks. A higher stock price could alleviate this concern. The combination of lower transaction costs and increased interest from institutional investors could have the effect of improving the trading liquidity of our Common Stock.

The Reverse Stock Split will also be beneficial to the Company and our shareholders by reducing the Company's administrative burdens and costs by cashing out the Cashed-Out Shareholders. The cost of administering each shareholder's account and the amount of time spent by our management in responding to shareholder requests is the same regardless of the number of shares held in the account. Accordingly, our cost of maintaining many small accounts is disproportionately high when compared with the total number of shares involved. In view of the disproportionate cost to us of maintaining small shareholder accounts, we believe that it would be

Table of Contents

beneficial to us and our shareholders as a whole to eliminate the administrative burden and cost associated with the approximately 300 accounts containing fewer than 50 shares.

Further, the Reverse Stock Split will enable holders of record of fewer than 50 shares of our Common Stock to dispose of their investment at market value and, in effect, avoid brokerage fees on the transaction. Shareholders owning a small number of our shares would, if they chose to sell their shares otherwise, likely incur brokerage fees disproportionately high relative to the market value of their shares. In some cases, these shareholders might encounter difficulty in finding a broker willing to handle such small transactions.

Effecting the Forward Stock Split immediately after the Reverse Stock Split benefits us by preventing the Common Stock from having an unusually high value per share, which tends to decrease the liquidity of shares.

Our Board of Directors intends to effect the proposed Reverse/Forward Stock Split only if it believes at the time that the Reverse/Forward Stock Split would achieve some or all of these objectives and is otherwise in our and our shareholders' best interest. Our Board of Directors may exercise its discretion not to implement the Reverse/Forward Stock Split. The Board of Directors will not implement the Reverse Stock Split without also implementing the Forward Stock Split.

Certain Risk Factors Associated with the Reverse/Forward Stock Split

- While our Board of Directors believes that a higher stock price may help generate investor interest, there can be no assurance that the Reverse/Forward Stock Split will result in any particular price for our Common Stock or result in a per-share price that will attract investment funds or other institutional investors or that such share price will satisfy the investing guidelines of institutional investors. As a result, the trading liquidity of our Common Stock may not necessarily improve.
- There can be no assurance that the market price per share of our Common Stock after the Reverse/Forward Stock Split will increase in proportion to the reduction in the number of shares of our Common Stock outstanding before the Reverse/Forward Stock Split. The market price of our Common Stock will also be based on performance and other factors unrelated to the number of shares outstanding. Accordingly, the total market capitalization of our Common Stock after the Reverse/Forward Stock Split may be lower than the total market capitalization before the Reverse/Forward Stock Split.
- The liquidity of our Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the Reverse/Forward Stock Split.

Table of Contents

- The increase in the number of authorized but unissued shares of our Common Stock may have a potential anti-takeover effect. Our ability to issue additional shares could be used to thwart persons, or otherwise dilute the stock ownership of shareholders, seeking to control us. The Reverse/Forward Stock Split is not being recommended by the Board of Directors as part of an anti-takeover strategy.

Impact of the Proposed Reverse/Forward Stock Split if Implemented

If approved and implemented, the Reverse/Forward Stock Split will take effect simultaneously and in the same ratio for all outstanding shares of our Common Stock. The Reverse/Forward Stock Split will affect all holders of our Common Stock uniformly and will not affect any shareholder's percentage ownership interest in us, except to the extent that the Reverse/Forward Stock Split would result in any Cashed Out Shareholders or for the payment for fractional shares to the remaining shareholders. As described below, Cashed Out Shareholders and certain of the remaining shareholders will receive a cash payment in lieu of such fractional shares held by such shareholder immediately following the Reverse/Forward Stock Split. These cash payments will reduce the number of post-Reverse/Forward Stock Split holders of our Common Stock to the extent there are shareholders who would otherwise receive less than one share of Common Stock after the Reverse/Forward Stock Split. In addition, the Reverse/Forward Stock Split will not affect any shareholder's proportionate voting power (subject to the treatment of fractional shares). The Reverse/Forward Stock Split will have no effect on the number of authorized shares of Common Stock, other than as a result of the approval by the Company's shareholders of Proposal 1, or the par value of the Common Stock.

The principal effects of the Reverse/Forward Stock Split will be that:

- Each 50 shares of our Common Stock owned by a shareholder will be combined into four shares of Common Stock;
- The number of shares of common stock issued and outstanding will be reduced from approximately 22,718,306 shares to approximately 1,817,464 shares;
- based upon the Reverse/Forward Stock Split ratios, proportionate adjustments will be made to the per-share exercise price and the number of shares issuable upon the exercise of outstanding stock options, which will result in approximately the same aggregate price that would have been required to be paid upon exercise of such options, immediately preceding the Reverse/Forward Stock Split; and
- the aggregate number of shares issuable pursuant to stock options, under each of our existing incentive compensation plans will be reduced proportionately based upon the Reverse/Forward Stock Split ratios.

- (1) Gives effect to a one-for-50 Reverse Stock Split and four-for-one Forward Stock Split as if they occurred on the May 1, 2010, subject to further adjustment.
- (2) Upon effectiveness of the Reverse/Forward Stock Split, the number of authorized shares of Common Stock that are not issued or outstanding would increase, as reflected in this table. Although this increase could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances which would dilute the stock ownership of a person seeking to effect a change in the composition of the Board of Directors of the Company or contemplating a tender offer or other transaction for the combination of the Company with another entity), the Reverse/Forward Stock Split is not being proposed in response to any effort of which the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a plan by management to recommend a series of similar amendments to the Board of Directors and shareholders. Other than the proposals in this proxy, the Board of Directors does not currently contemplate recommending the adoption of any other amendments to the Company's Certificate of Incorporation that could be construed to affect the ability of third parties to take over or change control of the Company.
- (3) Treasury stock shares prior to the Reverse/Forward Stock Split are 2,182,323. Treasury stock shares after the Reverse/Forward Stock Split will be 174,586.

Table of Contents

(4) Balance sheet data gives effect to the Reverse/Forward Stock Split as if it occurred on May 1, 2010, subject to further adjustment.

In addition, if approved and implemented, the Reverse/Forward Stock Split may result in some shareholders owning “odd lots” of less than 100 shares of Common Stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in “round lots” of even multiples of 100 shares. Our Board of Directors believes, however, that these potential effects are substantially outweighed by the benefits of the Reverse/Forward Stock Split.

Board Discretion to Implement the Reverse/Forward Stock Split

If the Reverse/Forward Stock Split is approved by our shareholders, it will be effected, if at all, only upon a determination by our Board of Directors that a Reverse/Forward Stock Split is in our and our shareholders’ best interests. The Board of Directors will not effect the Reverse Stock Split without also effecting the Forward Stock Split, and will not effect the Forward Stock Split without also effecting the Reverse Stock Split. The Board of Directors’ determination as to whether the Reverse/Forward Stock Split will be effected will be based upon several factors, including existing and expected marketability and liquidity of our Common Stock, prevailing market conditions and the likely effect on the market price of our Common Stock.

Payment for Fractional Shares

Within ten days after the Effective Date, the Company will mail to Cashed Out Shareholders and remaining shareholders holding fractional shares following the Reverse/Forward Stock Split a notice of the filing of the certificates of amendment and a letter of transmittal containing instructions with respect to the submission of shares of Common Stock to the Company. No certificates or scrip representing fractional shares of Common Stock shall be issued in connection with the Reverse/Forward Stock Split. Instead, Cashed Out Shareholders upon surrender of their old certificates, will receive cash in lieu of the fractional share of Common Stock resulting from the Reverse Stock Split. Remaining shareholders holding fractional shares following the Forward Stock Split, upon surrender of their old certificates, will receive cash in lieu of the fractional share of Common Stock resulting from the Reverse/Forward Stock Split and remaining shareholders will also receive a new stock certificate for the full amount of shares held by such remaining shareholder. For both Cashed Out Shareholders and remaining shareholders, such cash will be paid within approximately ten days following surrender of the old certificates. The price payable to Cashed Out Shareholders for fractional shares will be determined by multiplying the number of shares of Common Stock held of record by each Cashed Out Shareholder immediately before the Effective Date by the average closing sale price of shares of Common Stock for the ten trading days immediately prior to the Effective Date or, if no such sale takes place on such days, the average of the closing bid and ask prices for such days, in each case as officially reported by Over The Counter Bulletin Board. The price payable to remaining shareholders holding fractional shares immediately following the

Table of Contents

Reverse/Forward Stock Split will be determined by multiplying such number of fractional shares of Common Stock held of record by each remaining shareholder immediately following the Forward Stock Split by four then by the average closing price of shares of Common Stock for the ten trading days immediately prior to the Effective Date or, if no such sale takes place on such days, the average of the closing bid and ask prices for such days, in each case as officially reported by Over The Counter Bulletin Board.

Cashed Out Shareholders following the Reverse Stock Split and remaining shareholders holding fractional shares following the Forward Stock Split will be entitled to receive, and the Company will be obligated to make payment for, cash in lieu of fractional shares only by transmitting stock certificate(s) for shares of Common Stock to the Company, together with the properly executed and completed letter of transmittal. Cashed Out Shareholders following the Reverse Stock Split and remaining shareholders holding fractional shares following the Forward Stock Split may incur a fee in connection with insuring the package (with share certificate and Letter of Transmittal) that is sent to the Company's transfer agent. Cashed Out Shareholders following the Reverse Stock Split and remaining shareholders holding fractional shares following the Forward Stock Split who have lost their certificate would incur an additional fee for a surety bond, which is a minimum of \$25.00 or two percent of the fair market value for the lost shares.

Any holder of record of fewer than 50 shares of Common Stock who desires to retain an equity interest in the Company after the Effective Date may do so by purchasing, prior to the Effective Date, a sufficient number of shares of Common Stock such that the total number of shares held of record in such holder's name immediately prior to the Reverse/Forward Stock Split is equal to or greater than 50. Due to the limited trading market for the Company's Common Stock it is possible that a shareholder desiring to retain an equity interest in the Company may not be able to purchase enough shares to retain an equity interest in the Company at a fair price or at all.

Effect on Beneficial Holders of Common Stock (i.e. Shareholders Who Hold in "Street Name")

Upon the Reverse/Forward Stock Split, we intend to treat shares held by shareholders in "street name" (i.e., through a bank, broker or other nominee) in the same manner as registered shareholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the Reverse/Forward Stock Split for their beneficial holders holding our common stock in "street name." However, these banks, brokers or other nominees may have different procedures than registered shareholders for processing the Reverse/Forward Stock Split and making payment for fractional shares. If a shareholder holds shares of our Common Stock with a bank, broker or other nominee and has any questions in this regard, shareholders are encouraged to contact their bank, broker or other nominee.

Table of Contents

Effect on Registered “Book-Entry” Holders of Common Stock (i.e. Shareholders that are Registered on our Transfer Agent’s Books and Records but do not Hold Stock Certificates)

Certain of our registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with our transfer agent. These shareholders do not have stock certificates evidencing their ownership of our Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

If a shareholder holds registered shares in book-entry form with our transfer agent, the shareholder will be required to complete and return to our transfer agent a letter of transmittal in order to be credited with post-Reverse/Forward Stock Split shares or to receive cash payment in lieu of any fractional share interest. A form of letter of transmittal will be furnished to each such shareholder by our transfer agent, Continental Stock Transfer and Trust Company, after the Effective Date. If a shareholder is entitled to a payment in lieu of any fractional share interest, a check will be mailed to the shareholder’s registered address as soon as practicable after receipt of the letter of transmittal by our transfer agent. By signing and returning the letter of transmittal, shareholders will warrant that they owned the shares of Common Stock to which the letter of transmittal relates.

SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Accounting Matters

The Reverse/Forward Stock Split will not affect the par value of a share of our Common Stock. As a result, as of the Effective Date, the stated capital attributable to Common Stock on our balance sheet will be reduced proportionately based on the Reverse/Forward Stock Split ratios (including a retroactive adjustment of prior periods), and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. Reported per-share net income or loss will be higher because there will be fewer shares of Common Stock outstanding.

Exchange of Certificates

If you are a remaining shareholder with a stock certificate representing your shares, your stock certificate(s) must be exchanged for a new stock certificate(s) that will bear a new CUSIP number. The Company’s transfer agent will furnish shareholders with the necessary materials and instructions to effect the surrender promptly following the Effective Date of the Reverse/Forward Stock Split. The letter of transmittal will direct how old certificates are to be surrendered for new certificates. Shareholders must complete and sign the letter of transmittal and return it with their stock certificate(s) to the transfer agent in accordance with the instructions set forth in the transmittal letter before they can receive their new stock certificate(s) for those shares. The letter of transmittal will also contain instructions in the event that your certificate(s) has been lost, destroyed, or mutilated. Do not send your stock certificates to us, and do not send them to the transfer agent until you have received a transmittal letter and followed the instructions in the letter of transmittal.

Certain Federal Income Tax Consequences

The following is a summary of certain material federal income tax consequences of the Reverse/Forward Stock Split; however, this does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse/Forward Stock Split. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to shareholders who are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. This discussion is based on the provisions of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the pre-split shares were, and the post-split shares will be, held as “capital assets,” as defined in the Internal Revenue Code of 1986, as amended (generally, property held for investment). Tax treatment may vary depending upon particular facts and circumstances. Accordingly, each Shareholder should consult with his or her own tax advisor concerning the effects of the Reverse/Forward Stock Split and, in particular, the manner in which the tax basis and holding period of the shareholder’s post-split shares will be determined.

Each shareholder should recognize no gain or loss upon the exchange of pre-split shares for post-split shares pursuant to the Reverse/Forward Stock Split. Cash payments in lieu of a fractional post-split share should generally be treated as if the fractional share were issued and then redeemed by the Company for cash. Each shareholder should then recognize capital gain or loss equal to the difference, if any, between the amount of cash received and the basis in the fractional share.

The aggregate tax basis of the post-split shares received in the Reverse/Forward Stock Split (including any fraction of a post-split share deemed to have been received) will be the same as the aggregate tax basis in the pre-split shares exchanged. The holding period for the post-split shares will include the period during which the pre-split shares surrendered in the Reverse/Forward Stock Split were held.

The Company believes that the Reverse/Forward Stock Split will qualify as a “recapitalization” under Section 368(a)(1)(E) of the Internal Revenue Code. As a result, the Company will not recognize any gain or loss as a result of the Reverse/Forward Stock Split.

Effect of Reverse/Forward Stock Split

After shareholder approval of the Reverse/Forward Stock Split, we will submit notification to the OTCBB of the Reverse/Forward Stock Split pursuant to their requirements. In connection with the required notification, the Company will receive a new CUSIP Number and the OTCBB will assign a new ticker symbol for our common stock.

Vote Required

Approval of the Reverse/Forward Stock Split will require approval by a majority of the shares of Common Stock that were outstanding on the Record Date. Accordingly, the Reverse Stock Split and Forward Stock Split will be approved if at least 11,359,154 shares of Common Stock are voted in favor of the Reverse/Forward Stock Split. Following this shareholder approval, our Board of

Directors will determine when, and if, to file the amendments with the Secretary of State of the State of New York. As of the Record Date, the Affiliated Shareholders held a total of approximately 30.51% of the Common Stock entitled to vote at the Special Meeting. Appraisal and Dissenters’ Rights

No appraisal or dissenters’ rights are available under New York law or the Company’s Certificate of Incorporation or By-Laws to shareholders who dissent from the Reverse/Forward Stock Split. The Company will not independently provide its shareholders with any such right.

Representatives of BDO USA, LLP (formerly known as BDO Seidman, LLP), our independent registered public accounting firm for the fiscal year ending July 31, 2010 and for the current fiscal year, will be present at the Special Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders in attendance.

PROPOSAL NO. 3 — APPROVAL OF AN AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO CHANGE THE COMPANY'S NAME FROM "DEL GLOBAL TECHNOLOGIES CORP." TO "DGT HOLDINGS CORP."

General

On November 24, 2009, the Company, pursuant to an Asset Acquisition Agreement, transferred certain assets and product lines of its Del Medical business. Pursuant to the Asset Acquisition Agreement, the Company agreed to seek shareholder approval to change our name to a form that does not include, "Del," "Del Medical," or "Universal." The Board of Directors has unanimously adopted a resolution approving and recommending to the shareholders for their approval an amendment to the Company's Certificate of Incorporation to change the Company's name from "Del Global Technologies Corp." to "DGT Holdings Corp." The form of amendment is attached hereto as Annex C.

If the shareholders approve the Name Change Amendment, the Company will file the amendment to the Company's Certificate of Incorporation with the Secretary of State of the State of New York. The Name Change Amendment will become effective on the date the amendment is filed with the Secretary of State of the State of New York, or such later date as is specified in the filing. The Company expects the amendment to become effective as soon as practicable following the Special Meeting.

Effect of Amendment

The change in corporate name will not affect the status of the Company or the rights of any shareholders in any respect, or the validity or transferability of stock certificates presently outstanding. The Company's shareholders will not be required to exchange stock certificates solely to reflect the new name. If a physical certificate represents a shareholder's shares of Common Stock currently, that certificate will continue to represent such shareholder's ownership of such shares. It will not be necessary for shareholders to surrender stock certificates bearing the Company's former corporate name. When physical certificates are presented for transfer in the ordinary course, or, as may be required should Proposal 2 be effected, new certificates bearing the new corporate name will be issued.

After shareholder approval of the Name Change Amendment, we will submit notification to the OTCBB of the name change pursuant to their requirements. In connection with the required notification, the OTCBB will assign a new ticker symbol for our common stock.

Vote Required

Approval of the Name Change Amendment will require approval by a majority of the shares of Common Stock that were outstanding on the Record Date. Accordingly, the Name Change Amendment will be approved if at least 11,359,154 shares of Common Stock are voted in favor of the Name Change Amendment. Following this shareholder approval, our Board of Directors will file the amendment with the Secretary of State of the State of New York. As of the Record Date, the Affiliated Shareholders held a total of approximately 30.51% of the Common Stock entitled to vote at the Special Meeting. The Affiliated Shareholders have indicated that they will vote "FOR" the Name Change Amendment.

Shareholder Proposals

Deadline for Receipt of Shareholder Proposals

Shareholder proposals that are intended to be presented at the Company's 2011 annual meeting of shareholders must have been received by the Company at the Company's principal executive office located at 100 Pine Aire Drive, Bay Shore, New York 11706 no later than July 17, 2010 in order to be included in the proxy statement for that meeting. Shareholders wishing to nominate directors or bring a proposal before the 2011 annual meeting of shareholders (but not include it in the Company's proxy material) must provide written notice of such nomination or proposal to the attention of the corporate secretary, no earlier than July 17, 2010 and no later than August 16, 2010. If during the prior year the Company did not hold an annual meeting, or if the date of the annual meeting has changed more than 30 days from the date of the prior year's meeting, then the deadline for providing written notice of a proposal to be included in the proxy statement for the Company's 2011 annual meeting of shareholders is a reasonable time before the Company begins to make available its proxy materials to shareholders.

Discretionary Voting Authority

On May 21, 1998, the SEC adopted an amendment to Rule 14a-4, as promulgated under the Exchange Act. The amendment to Rule 14a-4(c)(1) governs the Company's use of its discretionary proxy voting authority with respect to a shareholder proposal that is not addressed in the Company's proxy statement. This amendment provides that if the Company does not receive notice of a proposal at least 45 days prior to the first anniversary of the date of mailing of the prior year's proxy statement, then the Company will be permitted to use its discretionary voting authority when the proposal is raised at the annual meeting, without any discussion of the matter in the proxy statement. The date by which such notice must be received by the Company for the 2011 annual meeting is September 30, 2010. If during the prior year the Company did not hold an annual meeting, or if the date of the annual meeting has changed more than 30 days from the prior year, then notice must not have been received a reasonable time before the Company sends its proxy materials for the current year in order for the Company to be allowed to use its discretionary voting authority.
