DEL GLOBAL TECHNOLOGIES CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Dollars in thousands, except share data)
(Unaudited)

1. DESCRIPTION OF THE BUSINESS

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation of the results for the interim

period have been included. Results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year. These consolidated financial statements should be read in conjunction with the financial statements and the notes thereto included in the Company's annual report on Form 10-K filed with the Securities and Exchange Commission for the year ended July 30, 2005. Certain prior year's amounts have been reclassified to conform to the current period presentation.

As of July 31, 2004, the Company's Board had committed to a plan to dispose of its Del High Voltage Division ("DHV") and on October 1, 2004, we sold this division for a purchase price of \$3.1 million, plus the assumption of approximately \$0.8 million of liabilities. Accordingly, the results of operations have been reclassified to show this division as a discontinued operation.

The Company's fiscal year-end is based on a 52/53-week cycle ending on the Saturday nearest to July 31. Results of the Company's foreign subsidiary, Villa Sistemi Medicali S.p.A. ("Villa"), are consolidated into Del Global's consolidated financial statements based on a fiscal year that ends on June 30 and are reported on a one month lag.

The Company recognizes revenue upon shipment, provided there is persuasive evidence of an arrangement, there are no uncertainties concerning acceptance, the sales price is fixed, collection of the receivable is probable and only perfunctory obligations related to the arrangement need to be completed. The Company's products are covered primarily by one year warranty plans and, in some cases, optional extended warranties for up to five years are offered. The Company establishes allowances for warranties as more fully described in the Product Warranty footnote herein. The Company recognizes service revenue when repairs or out of warranty repairs are completed. The Company has an FDA obligation to continue to provide repair service for certain medical systems for up to seven years past the warranty period, which are billed to the customers at market rates.

In December 2004, the FASB issued SFAS No. 123 (R), "Share-Based Payments," which established standards for transactions in which an entity exchanges its equity instruments for goods and services. The standard requires a public entity to measure the equity instruments award based on the grant-date fair value. This eliminates the exception to account for such awards using the intrinsic method previously allowed under APB Opinion No. 25. SFAS No 123 (R) has been adopted for fiscal year 2006. The statement does not require restatement of previously issued statements and is being applied on a prospective basis.

6

Prior to the adoption of SFAS 123 (R), the Company accounted for stock-based awards to employees using the intrinsic value method of accounting in accordance with Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees." The Company's practice in granting these awards to employees is to set the exercise price of the stock options equal to the market price of our underlying stock on the date of grant. Therefore under the intrinsic value method, no compensation expense is recognized in the Company's Consolidated Statements of Operations.

Had compensation cost for the Company's stock option plans been determined based on the fair value at the grant dates for awards under those plans consistent with the methods recommended by SFAS 123 (R), the Company's net income or loss and net income or loss per share for the three months and nine months ended April 30, 2005 would have been stated at the pro forma amounts indicated below:

	Three Months Ended	Nine Months Ended
	----- Apr. 30, 2005 -----	----- Apr. 30, 2005 -----
Net loss - as reported	\$ (1,031)	\$ (416)
Deduct: Total stock-based awards determined under fair value method	(69)	(208)
Proforma Net Loss	\$ (1,100) =====	\$ (624) =====
Income per share - Basic and diluted		
As reported	\$(0.10)	\$(0.04)
Proforma	\$(0.10)	\$(0.06)

NEW ACCOUNTING PRONOUNCEMENTS

In November 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 151, "Inventory Costs, an amendment of ARB No. 43, Chapter 4." This Statement amends the guidance in ARB No. 43, Chapter 4, "Inventory Pricing," to clarify the handling costs and wasted material (spoilage), requiring that those items be recognized as current-period charges. In addition, this Statement requires that allocation of fixed production overheads to the costs of conversion be based on the normal capacity of the production facilities. The Company adopted this statement as of the beginning of the first quarter of fiscal 2006 and effects were not material to its financial statements or results of operations.

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets", which eliminates the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. SFAS No. 153 became effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. The Company adopted this statement as of the beginning of the first quarter of fiscal 2006 and effects were not material to its financial statements or results of operations.

7

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections, a replacement of APB Opinion No. 20 and SFAS No. 3." This Statement provides guidance on the accounting for and reporting of accounting changes and error corrections. It establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle, in the absence of explicit transition requirements specific to the newly adopted accounting principle. This Statement also provides guidance for determining whether retrospective application of a change in accounting principle is impracticable and for reporting a change when retrospective application is impracticable. The correction of an error in previously issued financial statements is not an accounting change. However, the reporting of an error correction involves adjustments to previously issued financial statements similar to those generally applicable to reporting an accounting change retrospectively. Therefore, the reporting of a correction of an error by restating previously issued financial statements is also addressed by this Statement. The Statement is effective for accounting changes made in fiscal years beginning after December 15, 2005. The Company does not believe the adoption of SFAS No. 154 will have a material impact on the Company's financial statements or results of operations.

In March 2005, the FASB issued FASB Interpretation ("FIN") No. 47, "Accounting for Conditional Asset Retirement Obligations." FIN 47 provides guidance relating to the identification of and financial reporting for legal obligations to perform an asset retirement activity. The Interpretation requires recognition of a liability for the fair value of a conditional asset retirement obligation when incurred if the liability's fair value can be reasonably estimated. FIN No. 47 also defines when an entity would have sufficient information to reasonably estimate the fair value of an asset retirement obligation. The provision is effective no later than the end of fiscal years ending after December 15, 2005. The Company does not believe the adoption of FIN No. 47 will have a material impact on the Company's financial statements or results of operations.

In February 2006, the FASB issued SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments -an amendment of FASB Statements No. 133 and 140," which simplifies accounting for certain hybrid financial instruments by permitting fair value remeasurement for any hybrid instrument that contains an embedded derivative that otherwise would require bifurcation and eliminates a restriction on the passive derivative instruments that a qualifying special-purpose entity may hold. SFAS No. 155 is effective for all financial instruments acquired, issued or subject to a remeasurement (new basis) event occurring after the beginning of an entity's first fiscal year that begins after September 15, 2006. The adoption of SFAS No. 155 will have no impact on our results of operations or our financial position.

In March 2006, the FASB issued SFAS No. 156, "Accounting for Servicing of Financial Assets - an amendment of FASB Statement No. 140," which establishes, among other things, the accounting for all separately recognized servicing assets and servicing liabilities by requiring that all separately recognized servicing assets and servicing liabilities be initially measured at fair value, if practicable. SFAS No. 156 is effective as of the beginning of an entity's first fiscal year that begins after September 15, 2006. The adoption of SFAS No. 156 will have no impact on our results of operations or our financial position.

8

2. ACQUISITION OF MINORITY INTEREST IN VILLA

On December 23, 2005, the Company acquired the remaining 20% of Villa for \$2,612 plus 904,762 restricted shares of Company common stock. These shares were valued at \$3.26 a share or \$2,950 and are subject to SEC Rule 144 limitations as to holding periods and trading volume limitations. Goodwill in the amount of \$4,525 was recorded and \$934 of minority interest was reversed after recognition of a \$388 dividend. Due to the previous 80% ownership interest existing at the time of the original acquisition, the assets and liabilities of the Villa subsidiary were fully consolidated before the transaction and considered to be at fair market value with no additional adjustments necessary.

3. DISCONTINUED OPERATIONS

On October 1, 2004, the Company completed the sale of DHV for a price of \$3,100, plus the assumption of approximately \$800 of liabilities. This division was formerly part of the Power Conversion Group and designed, manufactured and marketed proprietary precision power conversion subsystems for medical as well as critical industrial applications. The results of operations of this division are shown as discontinued operations in the accompanying financial statements.

Certain information is summarized below:

	Quarter Ended Apr. 30, 2005	Nine Months Ended Apr. 30, 2005
	-----	-----
Revenues	\$ --	\$7,936
Net income before income tax provision	--	199
Income tax provision	--	--
Income from discontinued operations	--	199

GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill represents the excess of the cost of acquisitions over the fair value of the identifiable assets acquired and liabilities assumed. Under the provisions of SFAS No. 142, "Goodwill and Other Intangible Assets," the Company ceased all goodwill amortization effective August 4, 2002.

During the second quarter of fiscal 2006, the Company acquired the minority interest in the Villa subsidiary (See Note 2 above). This acquisition increased goodwill in the Medical Systems Group by \$4,526.

9

Other intangible assets are the Company's distribution network and non-compete agreements acquired with the purchase of certain assets of a subsidiary. Intangibles are being amortized on a straight-line basis over their estimated useful lives, which range from 5 to 10 years and will become fully amortized during fiscal 2006. The components of our amortizable intangible assets are as follows:

	April 29, 2006		July 30, 2005	
	-----		-----	
	Gross Carrying Amounts	Accumulated Amortization	Gross Carrying Amounts	Accumulated Amortization
Distribution Network	\$ 653	\$ 653	\$ 653	\$ 615
Total	\$ 653	\$ 653	\$ 653	\$ 615
	=====	=====	=====	=====

Amortization expense for intangible assets for the three and nine months ended April 29, 2006 was \$5 and \$38, respectively, and for the three and nine months ended July 30, 2005 was \$17 and \$49, respectively. Estimated amortization expense for the remainder of 2006 and the five succeeding fiscal years is as follows:

2006 (remainder)	None
2007-2009	None

There are no components of intangible assets that have an indefinite life.

INVENTORY

Inventory is stated at the lower of cost (first-in, first-out) or market. Inventories and their effect on cost of sales are determined by physical count for annual reporting purposes and are evaluated using perpetual inventory records for interim reporting periods. For certain subsidiaries during interim periods we estimate the amount of labor and overhead costs related to finished goods inventories. The estimation methodologies used for interim reporting purposes are described in Management's Discussion and Analysis of Financial Condition and Results of Operations under the subtitle "Critical Accounting Policies".

	April 29, 2006	July 30, 2005
	----- (Unaudited)	----- (Audited)
Raw materials and purchased parts	\$ 13,968	\$ 12,540
Work-in-process	2,550	2,615
Finished goods	5,541	2,714
	-----	-----
	22,059	17,869
Less allowance for obsolete and excess inventory	(2,967)	(3,017)
	-----	-----
Total inventory	\$ 19,092	\$ 14,852
	=====	=====

10

PRODUCT WARRANTIES

The Company's products are covered primarily by one-year warranty plans and in some cases optional extended contracts may be offered covering products for periods up to five years, depending upon the product and contractual terms of sale. The Company establishes allowances for warranties on an aggregate basis for specifically identified, as well as anticipated, warranty claims based on contractual terms, product conditions and actual warranty experience by product line.

During the third quarter and first nine months of fiscal 2006, the Company incurred costs of \$30 and \$162, respectively, related to warranty claims submitted and accrued \$61 and \$106 related to product warranties issued during the three and nine months of fiscal 2006, respectively. The liability related to warranties is included in accrued expenses on the accompanying Consolidated Balance Sheets and is \$984 and \$1,040 at April 29, 2006 and July 30, 2005, respectively.

COMPREHENSIVE INCOME (LOSS)

Comprehensive Income (loss) for the Company includes foreign currency translation adjustments and net income (loss) reported in the Company's Consolidated Statements of Operations.

Comprehensive loss for 2006 and 2005 was as follows:

	Three Months Ended		Nine Months Ended	
	Apr. 29, 2006	Apr. 30, 2005	Apr. 29, 2006	Apr. 30, 2005
	-----	-----	-----	-----
Net (loss)	\$ (73)	\$ (1,031)	\$ (616)	\$ (416)
Foreign currency translation adjustments	105	(337)	(106)	(4)
	-----	-----	-----	-----
Comprehensive (loss)	\$ 32	\$ (1,368)	\$ (722)	\$ (420)
	=====	=====	=====	=====

INCOME (LOSS) PER SHARE

	Three Months Ended		Nine Months Ended	
	Apr. 29, 2006	Apr. 30, 2005	Apr. 29, 2006	Apr. 30, 2005
	-----	-----	-----	-----
Numerator:

Effect of dilutive securities	--	--	--	--
	-----	-----	-----	-----
Denominator for diluted loss per share	11,634,939	10,517,195	11,114,054	10,449,118
	=====	=====	=====	=====
Income (loss) per common share				
Basic	\$ (0.01)	\$ (0.10)	\$ (0.06)	\$ (0.04)
Diluted	(0.01)	(0.10)	(0.06)	(0.04)

11

Common shares outstanding for the current and prior period ended were reduced by 622,770 shares of treasury stock. The computation of dilutive securities includes the assumed conversion of warrants and employee stock options to purchase common stock. The fiscal 2006 computation of diluted shares outstanding at April 29, 2006, does not include 1,563,494 employee stock options and 940,370 warrants to purchase Company common stock since the effect of their assumed conversion would be anti-dilutive. The fiscal 2005 computation of diluted securities outstanding at April 30, 2005, does not include 2,008,494 employee stock options and 991,994 warrants to purchase Company common stock since the effect of their assumed conversion would be anti-dilutive.

SEGMENT INFORMATION

The Company has three reportable segments: Medical Systems Group, Power Conversion Group and Other. The "Other" segment includes unallocated corporate costs. Interim segment information is as follows:

For three months ended April 29, 2006	Medical Systems Group	Power Conversion Group	Other	Total
-----	-----	-----	-----	-----
Net Sales to Unaffiliated Customers	\$17,639	\$ 3,165	-	\$20,804
Cost of sales	14,295	2,007	-	16,302
	-----	-----	-----	-----
Gross margin	3,344	1,158	-	4,502
Operating expenses	2,813	444	396	3,653
	-----	-----	-----	-----
Operating income (loss)	\$ 531	\$ 714	\$ (396)	\$ 849
	=====	=====	=====	=====

For three months ended April 30, 2005	Medical Systems Group	Power Conversion Group	Other	Total
-----	-----	-----	-----	-----

STOCK OPTION PLAN AND WARRANTS

Effective July 31, 2005, the Company adopted Statement of Financial Accounting Standards ("SFAS") 123R, "Share-Based Payments," which revises SFAS 123, "Accounting for Stock-Based Compensation." This standard requires that the Company measure the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. That cost will be recognized over the period in which the employee is required to provide the services - the requisite service period (usually the vesting period) - in exchange for the award. The grant date fair value for options and similar instruments will be estimated using option pricing models. Under SFAS 123R, the Company is required to select a valuation technique or option pricing model that meets the criteria as stated in the standard, which includes a binomial model and the Black-Scholes model. At the present time, the Company is continuing to use the Black-Scholes model. The adoption of SFAS 123R, applying the "modified prospective method," as elected by the Company requires the Company to value stock options prior to its adoption of SFAS 123R under the fair value method and expense these amounts over the remaining vesting period of the stock options. The fair values were determined by using the following assumptions in the Black-Scholes model: an estimated life of seven years, volatility ranging from 40% to 90% risk free interest rate from 5% to 6.8% and the assumption that no dividends will be paid. SFAS 123R requires that the Company estimate forfeitures for stock options and reduce compensation expense accordingly. The Company has reduced its fiscal year 2006 expense by the assumed forfeiture rate and will evaluate experience against this forfeiture rate going forward.

13

In the three and nine months ended April 29, 2006, the Company recorded \$9 and \$136, respectively, of compensation expense related to stock options.

The following activity has occurred under our existing plan:

	Shares	Weighted
	(in 000's)	Average
		Exercise
		Price
Outstanding at July 30, 2005	1,662	\$3.81
Outstanding at October 29, 2005	1,662	3.18
Granted	50	3.05
Exercised	(87)	2.00
Cancelled and forfeited	(12)	2.65
	-----	-----
Outstanding at January 29, 2006	1,613	\$3.89
Exercised	(13)	2.65
Cancelled and forfeited	(37)	3.05
	-----	-----
Outstanding at April 29, 2006	1,563	\$3.92
	=====	=====
Exercisable at April 29, 2006	1,443	\$4.02
	=====	=====

In December 2000, the Board of Directors approved an extension of time to exercise for all stock option holders. The extension covers all options whose term would have expired during the period from the stock de-listing date up to the date that the shares become re-listed on a national exchange. This extension grants those stock option holders a period of six months from the date of

re-listing to exercise vested options which may have otherwise expired without the extension. During fiscal year 2005, the plan was modified to remove this extension provision from options granted after January 2005. Due to this extension, the Company cannot calculate the weighted average remaining contractual term of outstanding or vested options.

At April 29, 2006, the aggregate intrinsic value of options outstanding and options exercisable was \$1.4 million and \$1.3 million, respectively. The intrinsic value is the amount by which the market value of the underlying stock exceeds the exercise price of the option.

Cash proceeds and intrinsic value related to total stock options exercised during the third quarter and first nine months of fiscal years 2006 and 2005 are provided in the following table:

	Three Months Ended		Nine Months Ended	
	Apr. 29, 2006	Apr. 30, 2005	Apr. 29, 2006	Apr. 30, 2005
	-----	-----	-----	-----
Proceeds from stock options exercised	\$33	\$45	\$207	\$231
Intrinsic value of stock options exercised	\$14	\$73	\$123	\$286

CONTINGENCIES

STRATEGIC ALTERNATIVES - On March 21, 2005, the Company was notified by Palladio Corporate Finance S.p.A. and Palladio Finaziaria S.p.A. (collectively "Palladio"), the party with whom it signed a non-binding letter of intent for the sale of its Medical Systems Group, that Palladio was terminating

negotiations under the letter of intent. The letter of intent provided for a \$1.0 million payment payable in the event that no later than March 4, 2005, the buyer was ready, willing and able to enter into a definitive purchase agreement based on the terms of the letter of intent and containing reasonable and customary representations, warranties, terms and conditions relating to the transaction, and the Company elected not to enter into such purchase agreement. Palladio filed a lawsuit against the Company and its Del Medical Imaging Corp. subsidiary on April 15, 2005, in the United States District Court, Southern District of New York. The lawsuit sought payment of the \$1.0 million, plus interest, as well as reasonable attorney's fees. The Company filed an Answer to this lawsuit on June 8, 2005, contesting Palladio's claim to these damages, and thereafter served discovery requests. At a court conference held on September 28, 2005, the parties agreed to submit to non-binding mediation in an attempt to settle this dispute. A mediation conference was scheduled for November 21, 2005. At this mediation, the Company settled this dispute with Palladio for payments totaling \$0.5 million over the following 18 months. The Company recorded a related expense of \$0.5 million in the first quarter 2006 operating expenses.

EMPLOYMENT MATTERS - The Company had an employment agreement with Samuel Park, the previous Chief Executive Officer ("CEO"), for the period May 1, 2001 to April 30, 2004. The employment agreement provided for certain payments in the event of a change in control of the Company.

On October 10, 2003, the Company announced the appointment of Walter F. Schneider as President and CEO to replace Mr. Park, effective as of such date. As a result, the Company recorded a charge of \$200 during the first quarter of fiscal 2004 to accrue the balance remaining under Mr. Park's employment agreement.

The Company's Board of Directors, elected at the Company's Annual Meeting of Shareholders held on May 29, 2003, had reviewed the "change in control" provisions regarding payments totaling up to approximately \$1.8 million under the employment agreement between the Company and its former Chief Executive Officer, Samuel Park. As a result of this review and based upon, among other things, the advice of special counsel, the Company's Board of Directors has determined that no obligation to pay these amounts has been triggered. Prior to his departure from the Company on October 10, 2003, Mr. Park orally informed the Company that, after reviewing the matter with his counsel, he believed that the obligation to pay these amounts has been triggered. On October 27, 2003, the Company received a letter from Mr. Park's counsel demanding payment of certain sums and other consideration pursuant to the Company's employment agreement with Mr. Park, including these change in control payments. On November 17, 2003, the Company filed a complaint against Mr. Park seeking a declaratory judgment that no change in control payment was or is due to Mr. Park and that an amendment to the employment contract with Mr. Park regarding advancement and reimbursement of legal fees is invalid and unenforceable. Mr. Park answered the complaint and

asserted counterclaims seeking payment from the Company based on his position that a "change in control" occurred in June 2003. Mr. Park is also seeking other consideration he believes he is owed under his employment agreement. The Company filed a reply to Mr. Park's counterclaims denying that he is entitled to any of these payments. Discovery in this matter was conducted and completed. Following discovery, the Company and Mr. Park filed motions for summary judgment on the issues related to the change in control and amendment to the employment agreement, which motions have been fully submitted to the court for consideration. To date, no decision has been issued by the court on these motions. If Mr. Park prevails on his claims and the payments he seeks are

15

required to be paid in a lump sum, these payments may have a material adverse effect on the Company's liquidity. It is not possible to predict the outcome of these claims; however, the Company's Board of Directors does not believe that such a claim is reasonably likely to result in a material decrease in the Company's liquidity in the foreseeable future.

During fiscal 2004, an Italian subsidiary of the Company began employment termination proceedings against an executive. Subsequently, the executive instituted legal proceedings in the labor court in Italy against the executive's former employer asserting certain monetary claims based on change in control provisions in a letter dated January 10, 2003 to the executive. The court issued a "pay or justify" order directing the Company's subsidiary to pay damages of about euro 306 plus interest and costs. The subsidiary has challenged this order in the Italian labor court. Subsequently, the executive served a writ of summons on the Company as a third party claim against the Company in the litigation pending with the subsidiary in March 2005. In addition, the executive has brought an action in the Italian labor court for unlawful dismissal under the Italian labor laws against the Company's subsidiary. The subsidiary entered an appearance and filed a counterclaim. In addition, the executive has brought an action in the Italian Corporate courts challenging the subsidiary's removal of the executive as managing director. The executive has not specified any damages in this action and it is in the preliminary stage. Although, the Company believed that the executive's change in control provision had not been triggered and that such executive's termination was justified, based on the court's "pay or justify" order to pay euro 306, the Company recorded a charge in fiscal year 2004 of approximately \$360, in connection with this matter. On March 30, 2006 the Company reached a full settlement and release against all claims in return for a payment to the executive of Euro 245, or approximately \$295.

16

DEL GLOBAL TECHNOLOGIES CORP. AND SUBSIDIARIES

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on current expectations and the current economic environment. We caution that these statements are not guarantees of future performance. They involve a number of risks and uncertainties that are difficult to predict including, but not limited to, our ability to implement our business plan, retention of management, changing industry and competitive conditions, obtaining anticipated operating efficiencies, securing necessary capital facilities and favorable determinations in various legal and regulatory matters. Actual results could differ materially from those expressed or implied in the forward-looking statements. Important assumptions and other important factors that could cause actual results to differ materially from those in the forward-looking statements are specified in the Company's filings with the Securities and Exchange Commission including our Form 10-K for the fiscal year ended July 30, 2005 and Current Reports on Form 8-K.

OVERVIEW

The Company is primarily engaged in the design, manufacture and marketing of cost-effective medical imaging and diagnostic systems consisting of stationary and portable x-ray systems, radiographic/fluoroscopic systems, dental imaging systems and proprietary high-voltage power conversion subsystems for medical and other critical industrial applications. The Company also manufactures electronic filters, high voltage capacitors, pulse modulators, transformers and reactors,

and a variety of other products designed for industrial, medical, military and other commercial applications. We manage our business in two operating segments: our Medical Systems Group and our Power Conversion Group. In addition, we have a third reporting segment, Other, comprised of certain unallocated corporate General and Administrative expenses. See "Segment Information" in Part I, Item 1 of this Quarterly Report on Form 10-Q for the fiscal quarter ended April 29, 2006 (this "Quarterly Report") for discussions of the Company's segments.

As of July 31, 2004, the Company's Board had committed to a plan to dispose of the Del High Voltage Division ("DHV") and on October 1, 2004, we sold this division for a purchase price of approximately \$3.1 million, plus the assumption of approximately \$0.8 million of liabilities. Accordingly, the results of operations have been restated to show this division as a discontinued operation.

CRITICAL ACCOUNTING POLICIES

Complete descriptions of significant accounting policies are outlined in Note 1 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended July 30, 2005. Within these policies, we have identified the accounting for deferred tax assets and the allowance for obsolete and excess inventory as being critical accounting policies due to the significant amount of estimates involved. In addition, for interim periods, we have identified the valuation of finished goods inventory as being critical due to the amount of estimates involved.

17

REVENUE RECOGNITION

The Company recognizes revenue upon shipment, provided there is persuasive evidence of an arrangement, there are no uncertainties concerning acceptance, the sale price is fixed, collection of the receivable is probable and only perfunctory obligations related to the arrangement need to be completed. The Company maintains a sales return allowance, based upon historical patterns, to cover estimated normal course of business returns, including defective or out of specification product. The Company's products are covered primarily by one year warranty plans and in some cases optional extended warranties for up to five years are offered. The Company establishes allowances for warranties on an aggregate basis for specifically identified, as well as anticipated, warranty claims based on contractual terms, product conditions and actual warranty experience by product line. The Company recognizes service revenue when repairs or out of warranty repairs are completed. The Company has an FDA obligation to continue to provide repair service for certain medical systems for up to seven years past the warranty period. These repairs are billed to the customers at market rates.

DEFERRED INCOME TAXES

We account for deferred income taxes in accordance with Statement of Financial Accounting Standards ("SFAS") No. 109, "Accounting for Income Taxes," whereby we recognize an asset related to our net operating loss carry forwards and other temporary differences between financial reporting basis and income tax basis. The valuation of our deferred tax assets and the recognition of tax benefits in each period assumes future taxable income and profitability. We periodically evaluate the likelihood of the recoverability of our deferred tax asset recognized, based upon our actual operating results and expectations of future operating profits.

During fiscal year 2004, as part of our customary six month planning and review cycle, management updated each domestic business unit's forecast and operating results, and concluded that it was prudent to record additional valuation allowances, increasing the total valuation allowance to 100% of both long and short-term US domestic deferred tax assets. The valuation allowance recorded is the estimate of the amount of deferred tax assets that are more likely than not to be unrealized by the Company.

During fiscal 2005 the Company recorded taxable income on a consolidated basis and its individual domestic business units were profitable. However, after factoring in approximately \$4.6 million in unallocated costs of the other reporting segment, which are considered domestic costs for income tax purposes, the Company experienced a domestic taxable loss during fiscal 2005. The Company also experienced a domestic net loss for the first six months of fiscal 2006. Accordingly the Company has concluded that it should continue to carry a 100% valuation allowance against domestic deferred tax assets and has not recorded any income tax benefit for this domestic taxable loss during the first six months of fiscal 2006 or during fiscal year 2005.

We recorded a tax provision with respect to the income of Villa in all periods presented and anticipate it is more likely than not the remaining deferred tax asset, which relates to our Villa subsidiary, will be utilized against future

timing differences at our Villa subsidiary. We concluded that given our history of receiving dividends from Villa we could no longer assume the income of Villa would be permanently reinvested. As required by FAS 109, we recorded a deferred

18

tax liability related to the undistributed earnings of Villa. However, we can make no assurances that our Villa subsidiary will generate profits in the future or that future dividends will be received.

OBSOLETE AND EXCESS INVENTORY

We re-evaluate our allowance for obsolete inventory once a quarter, and this allowance comprises the most significant portion of our inventory reserves. The re-evaluation of reserves is based on a written policy, which requires at a minimum that reserves be established based on our analysis of historical actual usage on a part-by-part basis. In addition, if management learns of specific obsolescence in addition to this minimum formula, these additional reserves will be recognized as well. Specific obsolescence might arise due to a technological or market change, or based on cancellation of an order. As we typically do not purchase inventory substantially in advance of production requirements, we do not expect cancellation of an order to be a material risk. However, market or technology changes can occur.

VALUATION OF FINISHED GOODS INVENTORIES

In addition, we use certain estimates in determining interim operating results. The most significant estimates in interim reporting relate to the valuation of finished goods inventories. For certain subsidiaries, for interim periods, we estimate the amount of labor and overhead costs related to finished goods inventories. As of April 29, 2006, finished goods represented approximately 16.0% of the gross carrying value of our total gross inventory. We believe the estimation methodologies used to be appropriate and are consistently applied.

CONSOLIDATED RESULTS OF OPERATIONS

Consolidated net sales of \$20.8 million for the third quarter of fiscal 2006 increased by \$1.9 million or 10.1% from the fiscal 2005 third quarter net sales of \$18.9 million, with decreases at the Power Conversion Group offset by increases at the Medical Systems Group. The Medical Systems Group's third quarter fiscal 2006 sales of \$17.6 million increased by \$2.3 million or 14.7% from the prior year's third quarter. Domestic sales were below prior year primarily due to the acquisition of our largest dealer by another dealer we do business with. The resultant consolidation and organizational changes at these dealers has resulted in lower Del System sales to the combined entity versus sales to each party in the prior year. Our international operation contributed to higher sales reflecting improved shipments among several product lines. The Power Conversion Group's third quarter fiscal 2006 sales of \$3.2 million decreased by \$0.3 million or 9.8% from last year's levels reflecting decreased demands from an OEM customer.

Consolidated net sales of \$59.0 million for the first nine months of fiscal 2006 decreased by \$5.2 million or 8.1% from fiscal 2005 net sales of \$64.3 million, with decreases at both the Power Conversion Group and Medical Systems Group. The Medical Systems Group's sales for the first nine months of fiscal 2006 of \$49.4 million decreased \$4.2 million or 7.9% from the prior year's first nine months, with decreases primarily at international locations, as well as its domestic locations. Internationally, Sales for the prior fiscal period included shipments of \$8.8 million under an international Romanian tender order. The Power Conversion Group's sales for the first nine months of fiscal 2006 of \$9.6 million decreased by \$1.0 million or 9.4% from the prior years' first nine month levels reflecting catch-up's of late orders from Fiscal 2004 during the first nine months of fiscal 2005.

19

Consolidated backlog at April 29, 2006 was \$24.6 million versus backlog at July 30, 2005 of approximately \$14.6 million. The backlog in the Power Conversion Group increased \$4.4 million from levels at beginning of the fiscal year while there was a \$9.6 million increase in the backlog at our Medical Systems Segment reflecting increases of \$0.7 million at our domestic location and \$9.0 million at our international location due to increased bookings during the fiscal 2006 period. Substantially all of the backlog should result in shipments within the next 12 months.

Overall, gross margins as a percent of sales were 21.6% for the third quarter of fiscal 2006, compared to 25.4% in the third quarter of fiscal 2005. The Power Conversion Group's gross margins for the third quarter of fiscal 2006 of 36.6%,

were below margins of 38.7% in the prior year reflecting decreased shipments in the current quarter. For the Medical Systems Group, third quarter gross margins of 19.0% decreased from the 22.4% level in the prior year third quarter due to unfavorable product mix at both locations.

Gross margins as a percent of sales were 22.8% for the first nine months of fiscal 2006, compared to 25.4% in the first nine months of fiscal 2005. The Power Conversion group margins benefited from improvements in procurement, decreased material costs as a percent of sales and lower waste levels, which contributed to a gross margin of 33.3% for the first nine months of fiscal 2006 as compared to 33.1% for the first nine months of fiscal 2005. For the Medical Systems Group, first nine months gross margins of 20.7% were lower than gross margins of 23.9% in the prior year's first nine months due to volume reduction and internationally due both to the effect of volume and to higher material expense, due to volume advantages in fiscal 2005 on the Romanian order, and to higher material expense due to mix and to increased raw material prices.

Selling, General and Administrative expenses ("SG&A") for the third quarter of fiscal 2006 were \$3.3 million (15.8% of sales) compared to \$4.9 million (25.8% of sales) in the prior year's third quarter. The decrease in SG&A in the third quarter of fiscal 2006 reflects reduced corporate legal and accounting costs compared to higher fiscal 2005 costs incurred during a strategic alternatives review, and reduced selling costs in the Power Conversion Group.

SG&A expenses for the first nine months of fiscal 2006 were \$10.1 million (17.1% of sales) compared to \$12.5 million (19.5% of sales) in the prior year's first nine months. The decrease in SG&A in the third quarter of fiscal 2006 reflects reduced corporate legal and accounting costs and reduced selling costs in both the Power Conversion Group and the Medical Systems Group, due to higher costs in fiscal 2005 related to a review of strategic alternatives.

Litigation settlement costs of \$0.4 million recorded during the first nine months of fiscal 2006 include the accrual of \$0.5 million based on a November 2005 settlement of litigation filed during fiscal 2005 by the potential buyers of the Company's Medical Systems Group, offset by a reversal of \$0.1 million accrual related to previously settled litigation. The Company previously disclosed this litigation but had not recorded any affiliated expense during fiscal 2005, as it had no basis at that time upon which to estimate either the outcome or amount of loss. The second quarter of fiscal 2005 included \$0.3 million related to the settlement of the previously disclosed Department of Defense investigation of our RFI subsidiary.

As a result of the foregoing, we recognized third quarter fiscal 2006 operating income of \$0.8 million compared to operating loss of \$0.5 million in the third quarter of fiscal 2005. The Medical Systems Group posted a third quarter fiscal

20

2006 operating profit of \$0.5 million and the Power Conversion Group had operating profit of \$0.7 million, offset by unallocated corporate costs of \$0.4 million.

For the first nine months of fiscal 2006, we recognized operating income of \$1.7 million compared to an operating income of \$2.2 million in the first nine months of fiscal 2005. The Medical Systems Group had an operating profit of \$2.1 million for the first nine months of fiscal 2006 and the Power Conversion Group achieved an operating profit of \$1.6 million, partly offset by unallocated corporate costs of \$2.0 million.

Interest expense for the third quarter of fiscal 2006 was higher than the prior year's third quarter due to increased borrowings and higher interest rates. Interest expense for the first nine months of fiscal 2006 was slightly lower than the prior year for the same period as increased borrowings and higher interest rates were offset by decreases due to fees incurred in the prior year in conjunction with modifications to the Company's domestic revolving credit facility in the first quarter of fiscal 2005. In addition, the Company's new credit facility entered into on August 1, 2005, eliminated an unfavorable floor borrowing interest calculation and certain monthly fees that were in effect under the previous lending facility.

The Company has not provided for a U.S. domestic income tax benefit in the third quarter or first nine months of fiscal 2006. With the exception of tax provisions and adjustments recorded at Villa, our Italian subsidiary, we recorded no adjustments to our current or net deferred tax accounts during the third quarter and first nine months of fiscal 2006 or fiscal 2005.

As discussed above, Discontinued Operations are related to our DHV division, which was sold on October 1, 2004. The Discontinued operating results for the first quarter of fiscal 2005 reflect income from operations of \$0.2 million from the DHV division.

Reflecting the above, we recorded net loss of \$0.1 million or \$0.01 per share basic and diluted in the third quarter of fiscal 2006, as compared to a net loss of \$1.0 million, or \$0.10 per share basic and diluted, during the third quarter of fiscal 2005. We recorded a net loss of \$0.6 million or \$0.06 per share (basic and diluted) in the first nine months of fiscal 2006, as compared to net loss of \$0.4 million, or \$0.04 per share basic and diluted during the first nine months of fiscal 2005.

FINANCIAL CONDITION
LIQUIDITY AND CAPITAL RESOURCES

We fund our investing and working capital needs through a combination of cash flow from operations and short-term credit facilities.

Working Capital -- At April 29, 2006 and July 30, 2005, our working capital was approximately \$8.2 million and \$10.1 million, respectively. At such dates, we had approximately \$0.2 million and \$1.5 million, respectively, in cash and cash equivalents, the majority of which is at our Villa subsidiary in Italy. As of April 29, 2006 and July 30 2005, we had approximately \$0.5 million of excess borrowing availability under our domestic revolving credit facility.

In addition, as of April 29, 2006 and July 30, 2005, our Villa subsidiary had an aggregate of approximately \$5.6 and \$7.5 million, respectively, of excess borrowing availability under its various short-term credit facilities. Terms of

the Italian credit facilities do not permit the use of borrowing availability to directly finance operating activities at our US subsidiaries.

Cash Flows from Operating Activities - For the nine month period ended April 29, 2006, the Company provided approximately \$1.3 million of cash from operations, compared to a use of \$7.1 million in prior fiscal year period. Contributing to cash usage in fiscal 2005 was the payment of a \$5.0 million fine related to previously disclosed settlement with the Department of Defense. In fiscal 2005, we received \$3.5 million on the disposal and operations of our Del High Voltage subsidiary, which was sold October 1, 2005, and is reflected in discontinued operations.

Cash Flows from Investing Activities -- We have made \$0.5 million in facility improvements and capital equipment expenditures for the nine months ended April 29, 2006 compared to \$0.4 million for the comparable prior fiscal year period. In addition we purchased the remaining 20% of our Villa subsidiary for a combination of \$2.6 million cash and the issuance of restricted Company common stock which is treated as a non cash transaction in the Statement of Cash Flows.

Cash Flows from Financing Activities -- During the nine month period ended April 29, 2006, we repaid a total of approximately \$0.7 million of indebtedness on our domestic and Italian borrowings, as compared to borrowings of \$0.2 million in the prior year period. We also borrowed \$2.0 million in a domestic term loan as part of our North Fork Facility (see "Credit Facility and Borrowing" below). During the first quarter of fiscal 2005, our Villa subsidiary paid a dividend of approximately \$2.5 million, of which \$0.5 million was paid to Villa's minority shareholders. The remaining \$2.0 million, net of withholding taxes, was an intercompany transaction with the Parent Company and therefore eliminated in the accompanying consolidated financial statements. In addition, we received \$0.2 million and \$0.3 million from the exercise of stock options and warrants during the nine months ended April 29, 2006 and April 30, 2005, respectively.

The following table summarizes our contractual obligations, including debt and operating leases at July 30, 2005 (in thousands):

Obligations	Total (1)	Within 1 Year	2-3 Years	4-5 Years	After 5 Years
Long-Term Debt Obligations.....	\$ 2,172	\$ 573	\$ 862	\$ 588	\$ 149
Capital Lease Obligations.....	2,963	210	673	770	1,310

(1) In addition, as of July 30, 2005, we had approximately \$4.0 million in

revolving credit debt in the US and \$0.3 million in Italy. The Italian credit facilities are generally renewed on a yearly basis. The Company refinanced the GECC Facility with a combination of a \$6 million formula based revolving credit facility and a \$2 million term loan entered into with North Fork Bank, as described more fully below.

Credit Facility and Borrowing -- On August 1, 2005, the Company entered into a three-year revolving credit and term loan facility with North Fork Business Capital (the "North Fork Facility") and repaid the GECC Facility. The North Fork

22

Facility provides for a \$6 million formula based revolving credit facility based on the Company's eligible accounts receivable and inventory as defined in the credit agreement. In addition, the Company borrowed \$2 million under a term loan facility secured by the Company's Bay Shore, New York building. Interest on the revolving credit borrowings is payable at prime plus 0.5% or alternatively, at a LIBOR rate plus 2.5%. The \$2.0 million term loan is repayable in monthly installments of \$16.6 thousand with a balloon payment of the remaining balance due at the maturity in three years. Interest on the term loan is payable monthly at prime plus 0.75% or a LIBOR rate plus 2.75%. As of April 29, 2006, the Company had \$0.8 million of availability under the North Fork Facility, of which North Fork has reserved \$1 million against possible litigation settlements as described more fully in Part II "Legal Proceedings" of this Quarterly Report. The North Fork Facility is secured by substantially all of the Company's accounts receivable, inventory and fixed assets in the US.

In anticipation of the maturity of a subordinated note in March 2007, the Credit agreement provides for a sinking fund or a monthly reserve against borrowing availability commencing in March 2006 in the amount of \$0.1 million per month, increasing to \$0.4 million per month beginning in September 2006. The Company expects to receive a dividend from its Villa subsidiary in September 2006 of approximately \$1.5 million to be used to pay down amounts outstanding under the North Fork facility, in order to maintain sufficient borrowing availability in its US operations to finance its working capital needs although no assurance can be made that such dividend will be received by the Company of at least \$1.5 million, or at all. In the event funds generated from US or Villa operations are not anticipated to be sufficient to both fund US operations and create a reserve to repay the estimated \$2.7 million principal and accrued interest due upon the maturity of the subordinate note, the Company will seek to refinance the subordinated debt.

As of the end of the first quarter of fiscal 2006, the Company was non-compliant with the following covenants: the Adjusted US Earnings, Adjusted Earnings, Senior US Debt Ratio and Fixed Charge Coverage Ratio covenants under the North Fork Facility, due to the operating loss the Company experienced for the first quarter of fiscal 2006. On December 12, 2005, the Company and Northfork Business Capital signed an amendment to the facility that waived the non-compliance with these covenants for the first quarter of fiscal 2006 and adjusted the covenant levels going forward through the maturity of the credit facility.

As of the end of the second quarter of fiscal 2006, the Company was non-compliant with the following covenants: the Adjusted US Earnings, Senior US Debt Ratio, Fixed Charge Coverage Ratio and minimum Tangible Net Worth covenants under the North Fork Facility, due to the operating loss the Company experienced for the second quarter of fiscal 2006. In March 2006, the Company signed a waiver to the facility that waived non-compliance with these financial covenants for the second quarter of fiscal 2006 and waived the non-compliance of a covenant due to a delay in granting the bank a security interest in two-thirds of the shares of Villa required upon consummation of the purchase of the remaining 20% of Villa by the Company.

As of the end of the third quarter of fiscal 2006, the Company was non-compliant with the following covenants: the Adjusted Earnings, Adjusted US Earnings, Senior US Debt Ratio, Fixed Charge Coverage Ratio and Minimum Tangible Net Worth and Capital Expenditure covenants under the North Fork Facility, due to less than anticipated results Company experienced for the third quarter of fiscal 2006. In June 2006, the Company received a waiver to the facility that waived

23

non-compliance with these financial covenants for the third quarter of fiscal 2006. The Company is in discussion with North Fork to address the covenant levels going forward. No assurance can be given that the Company will be able to successfully negotiate an amendment to the Northfork Facility on terms acceptable to the Company or at all.

Our Villa subsidiary is a party to various short-term credit facilities with

interest rates ranging from 6% to 14%. These facilities generally renew on a yearly basis and include overdraft, receivables and import export financing facilities. In addition, Villa is a party to various medium-term commercial and Italian Government long-term loans. Medium term facilities have interest rates ranging from 3 to 6%, with principal payable semi-annually through maturity in March 2007, and interest payable quarterly. The Government long-term facilities have an interest rate of 3.4% with principal payable annually through September 2010. Villa's manufacturing facility is subject to a capital lease obligation, which matures in 2011 with an option to purchase. Villa is in compliance with all related financial covenants under these short and long-term financings.

During fiscal 2005, the Company applied to the Pension Benefit Guaranty Corp. and to the IRS for a determination letter and approval to terminate its frozen defined benefit pension plan. In the fourth quarter of fiscal 2005, the Company recognized a related non-cash charge of approximately \$0.5 million to write off the pension assets on its balance sheet in recognition of the formal decision to terminate the plan. In preparation for the plan termination, during fiscal 2005 the Company fully funded the expected cash disbursement of \$0.2 million dollars. The Company received the IRS determination letter approving the final settlement during the second quarter of fiscal 2006 and fully paid out all of the plan participants in March 2006.

The Company had an employment agreement with Samuel Park, the previous Chief Executive Officer ("CEO"), for the period May 1, 2001 to April 30, 2004. The employment agreement provided for certain payments in the event of a change in control of the Company. On October 10, 2003, the Company announced the appointment of Walter F. Schneider as President and CEO to replace Mr. Park, effective as of such date. As a result, the Company recorded a charge of \$0.2 million during the first quarter of fiscal 2004 to accrue the balance remaining under Mr. Park's employment agreement. The Company's Board of Directors, elected at the Company's Annual Meeting of Shareholders held on May 29, 2003, had reviewed the "change in control" provisions regarding payments totaling up to approximately \$1.8 million under the employment agreement between the Company and its former Chief Executive Officer, Samuel Park. As a result of this review and based upon, among other things, the advice of special counsel, the Company's Board of Directors has determined that no obligation to pay these amounts has been triggered. Prior to his departure from the Company on October 10, 2003, Mr. Park orally informed the Company that, after reviewing the matter with his counsel, he believed that the obligation to pay these amounts has been triggered. On October 27, 2003, the Company received a letter from Mr. Park's counsel demanding payment of certain sums and other consideration pursuant to the Company's employment agreement with Mr. Park, including these change in control payments. On November 17, 2003, the Company filed a complaint against Mr. Park seeking a declaratory judgment that no change in control payment was or is due to Mr. Park and that an amendment to the employment contract with Mr. Park regarding advancement and reimbursement of legal fees is invalid and unenforceable. Mr. Park answered the complaint and asserted counterclaims

seeking payment from the Company based on his position that a "change in control" occurred in June 2003. Mr. Park is also seeking other consideration he believes he is owed under his employment agreement. The Company filed a reply to Mr. Park's counterclaims denying that he is entitled to any of these payments. Discovery in this matter was conducted and completed. Following discovery, the Company and Mr. Park filed motions for summary judgment on the issues related to the change in control and amendment to the employment agreement, which motions have been fully submitted to the court for consideration. To date, no decision has been issued by the court on these motions. If Mr. Park prevails on his claims and the payments he seeks are required to be paid in a lump sum, these payments may have a material adverse effect on the Company's liquidity. It is not possible to predict the outcome of these claims; however, the Company's Board of Directors does not believe that such claims are reasonably likely to result in a material decrease in the Company's liquidity in the foreseeable future.

On October 1, 2004, the Company completed the sale of its DHV division for \$3.1 million plus the assumption of \$0.8 million of liabilities as described more fully in the Notes to the Consolidated Financial Statements included in Part I, Item I of this Quarterly Report.

On March 21, 2005, the Company was notified by Palladio Corporate Finance S.p.A. and Palladio Finanziaria S.p.A. (collectively "Palladio"), the party with whom it signed a non-binding letter of intent for the sale of its Medical Systems Group, that Palladio was terminating negotiations under the letter of intent. The letter of intent provided for a \$1.0 million payment payable in the event that no later than March 4, 2005, the buyer was ready, willing and able to enter into a definitive purchase agreement based on the terms of the letter of intent and containing reasonable and customary representations, warranties, terms and conditions relating to the transaction, and the Company elected not to enter

into such purchase agreement. Palladio filed a lawsuit against the Company and its Del Medical Imaging Corp. subsidiary on April 15, 2005, in the United States District Court, Southern District of New York. The lawsuit sought payment of the \$1.0 million, plus interest, as well as reasonable attorney's fees. The Company filed an Answer to this lawsuit on June 8, 2005, contesting Palladio's claim to these damages, and thereafter served discovery requests. At a court conference held on September 28, 2005, the parties agreed to submit to non-binding mediation in an attempt to settle this dispute. A mediation conference was scheduled for November 21, 2005. At this mediation, the Company settled this dispute with Palladio for payments totaling \$0.5 million over the following 18 months. The Company recorded a related expense of \$0.5 million in the first quarter 2006 operating expenses. As of April 29, 2006 the Company has made scheduled payments of \$0.2 million under this agreement and has a remaining liability of \$0.3 million.

The Company has or had no investments in unconsolidated variable interest entities or other off balance sheet arrangements during any of the periods presented in this Quarterly Report on Form 10-Q.

We anticipate that cash generated from operations and amounts available from credit facilities, or anticipated future borrowings to refinance the maturity of the subordinated promissory notes, will be sufficient to satisfy currently projected operating cash needs for at least the next twelve months, and for the foreseeable future.

25

Item 3 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We do not ordinarily hold market risk sensitive instruments for trading purposes. We do, however, recognize market risk from interest rate and foreign currency exchange exposure. There have been no changes in financial market risk as originally discussed in the Company's Annual Report on Form 10-K for the fiscal year ended July 30, 2005.

Item 4 CONTROLS AND PROCEDURES

The Company, under the supervision and with the participation of the Company's management, including Walter F. Schneider, Chief Executive Officer and Mark Koch, Principal Accounting Officer, has evaluated the effectiveness of the design and operation of the Company's "disclosure controls and procedures", as such term is defined in Rules 13a-15e and 15d-15e promulgated under the Securities Exchange Act of 1934, as amended, as of the end of the period covered by this Quarterly Report. Based upon that evaluation, the Chief Executive Officer and Principal Accounting Officer have concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by this Quarterly Report to provide reasonable assurance that information required to be disclosed by the Company in reports that it files or submits under the Securities Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

In the ordinary course of business, the Company routinely enhances its information systems by either upgrading its current systems or implementing new systems. There were no changes in the Company's internal controls or in other factors that could significantly affect these controls, during the Company's third fiscal quarter of 2006 ended April 29, 2006, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

26

ITEM 1. LEGAL PROCEEDINGS

EMPLOYMENT MATTERS - The Company had an employment agreement with Samuel Park, the previous Chief Executive Officer ("CEO"), for the period May 1, 2001 to April 30, 2004. The employment agreement provided for certain payments in the event of a change in control of the Company.

On October 10, 2003, the Company announced the appointment of Walter F. Schneider as President and CEO to replace Mr. Park, effective as of such date. As a result, the Company recorded a charge of \$200 during the first quarter of fiscal 2004 to accrue the balance remaining under Mr. Park's employment agreement.

The Company's Board of Directors, elected at the Company's Annual Meeting of Shareholders held on May 29, 2003, had reviewed the "change in control" provisions regarding payments totaling up to approximately \$1.8 million under the employment agreement between the Company and its former Chief Executive Officer, Samuel Park. As a result of this review and based upon, among other things, the advice of special counsel, the Company's Board of Directors has determined that no obligation to pay these amounts has been triggered. Prior to his departure from the Company on October 10, 2003, Mr. Park orally informed the Company that, after reviewing the matter with his counsel, he believed that the obligation to pay these amounts has been triggered. On October 27, 2003, the Company received a letter from Mr. Park's counsel demanding payment of certain sums and other consideration pursuant to the Company's employment agreement with Mr. Park, including these change in control payments. On November 17, 2003, the Company filed a complaint against Mr. Park seeking a declaratory judgment that no change in control payment was or is due to Mr. Park and that an amendment to the employment contract with Mr. Park regarding advancement and reimbursement of legal fees is invalid and unenforceable. Mr. Park answered the complaint and asserted counterclaims seeking payment from the Company based on his position that a "change in control" occurred in June 2003. Mr. Park is also seeking other consideration he believes he is owed under his employment agreement. The Company filed a reply to Mr. Park's counterclaims denying that he is entitled to any of these payments. Discovery in this matter was conducted and completed. Following discovery, the Company and Mr. Park filed motions for summary judgment on the issues related to the change in control and amendment to the employment agreement, which motions have been fully submitted to the court for consideration. To date, no decision has been issued by the court on these motions. If Mr. Park prevails on his claims and the payments he seeks are required to be paid in a lump sum, these payments may have a material adverse effect on the Company's liquidity. It is not possible to predict the outcome of these claims; however, the Company's Board of Directors does not believe that such a claim is reasonably likely to result in a material decrease in the Company's liquidity in the foreseeable future.

During fiscal 2004, an Italian subsidiary of the Company began employment termination proceedings against an executive. Subsequently, the executive instituted legal proceedings in the labor court in Italy against the executive's former employer asserting certain monetary claims based on change in control provisions in a letter dated January 10, 2003 to the executive. The court issued a "pay or justify" order directing the Company's subsidiary to pay damages of about euro 0.3 million plus interest and costs. The subsidiary has challenged this order in the Italian labor court. Subsequently, the executive served a writ of summons on the Company as a third party claim against the Company in the

litigation pending with the subsidiary in March 2005. In addition, the executive has brought an action in the Italian labor court for unlawful dismissal under the Italian labor laws against the Company's subsidiary. The subsidiary entered an appearance and filed a counterclaim. In addition, the executive has brought an action in the Italian Corporate courts challenging the subsidiary's removal of the executive as managing director. The executive has not specified any damages in this action and it is in the preliminary stage. Although, the Company believed that the executive's change in control provision had not been triggered and that such executive's termination was justified, based on the court's "pay or justify" order to pay euro 0.3 million, the Company recorded a charge in fiscal year 2004 of approximately \$0.4 million, in connection with this matter. On March 30, 2006 the Company reached a full settlement and release against all claims in return for a payment to the executive of Euro 0.2 million, or approximately \$0.3 million.

OTHER LEGAL MATTERS - The Company is a defendant in several other legal actions in various US and foreign jurisdictions arising from the normal course of business. Management believes the Company has meritorious defenses to such

actions and that the outcomes will not be material to the Company's consolidated financial statements.

ITEM 6. EXHIBITS

Exhibits

- 10.53* Waiver to Loan and Security Agreement dated as of June 13, 2006 among Del Global Technologies Corp, RFI Corporation and Del Medical Imaging Corp. (Borrowers) and North Fork Business Capital Corporation.
- 31.1* Certification of Chief Executive Officer, Walter F. Schneider, pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 31.2* Certification of Principal Accounting Officer, Mark Koch, pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 32.1* Certification of the Chief Executive Officer, Walter F. Schneider, pursuant to 18 U.S.C. Section 1350 adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 32.2* Certification of the Principal Accounting Officer, Mark Koch, pursuant to 18 U.S.C. Section 1350 adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

CERTIFICATIONS

I, Walter F. Schneider, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Del Global Technologies Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (c) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

- (1) A signed original of this written statement required by Section 906 has been provided to Del Global Technologies Corp and will be retained by Del Global Technologies Corp. and furnished to the Securities and Exchange Commission or its staff upon request.

The foregoing certification is being furnished solely pursuant to 18 U.S.C. Section 1350 and is not being filed as part of the Report or as a separate disclosure document.

NORTH FORK BUSINESS CAPITAL

June 13, 2006

Del Global Technologies Corp.
One Commerce Park
Valhalla, New York 10595

Re: Loan and Security Agreement by and among Del Global Technologies Corp.,
Del Medical Imaging Corp., RFI Corporation and North Fork Business
Capital Corporation

Gentlemen:

Reference is made to the Loan and Security Agreement dated as of August 1, 2005 (as amended from time to time, the "Loan Agreement"), by and among Del Global Technologies Corp., Del Medical Imaging Corp., and RFI Corporation (each a "Borrower" and collectively the "Borrowers"), and North Fork Business Capital Corporation (hereinafter referred to as the "Lender"). All capitalized terms used but not defined herein shall have the meanings assigned to them in the Loan Agreement.

Borrowers have advised Lender that Events of Default have occurred under Sections 9.1 of the Loan Agreement as a result of Borrowers' failure to comply with the financial covenants set forth in the following Sections of the Loan Agreement for the measurement period ended April 29, 2006: Sections 8.1(b) (Adjusted U.S. Earnings); 8.2(b) (Adjusted Earnings); 8.3(b) (Senior U.S. Debt Ratio); 8.4 (Senior Debt Ratio); 8.5(b) (Fixed Charge Coverage Ratio); 8.6 (Tangible Net Worth); and 8.7 (Capital Expenditures). Borrowers have requested that the Lender waive compliance with, or any Events of Default arising from breaches of such covenants. Pursuant to Borrowers' request and in accordance with the conditions contained herein, the Lender hereby waives compliance with, or any Events of Default arising from breaches of such covenants for the period ended April 29, 2006.

The agreement of the Lender set forth in this letter is limited and shall not be deemed to be an agreement, consent or waiver of (i) any other term, condition or obligation of the Borrowers under the Loan Agreement or any other Loan Document or (ii) any other act, event or condition (whether now existing or hereafter occurring), or prejudice any right or remedy which the Lender may now have or have in the future under or in connection with the Loan Agreement, any Loan Document or any other security provided by any Person in respect thereof. The agreement, consent and waivers of the Lender set forth in this letter only apply to the waivers specifically set forth herein. Additionally, Lender's agreement to waive the Events of Default set forth herein is conditioned upon (i) Borrowers paying to Lender a waiver fee in the amount of \$20,000 no later than November 1, 2006; and (ii) the immediate termination of Borrowers' option to request LIBOR Rate Advances until such time as Lender, in its sole discretion, determines to allow such advances.

NORTH FORK BUSINESS CAPITAL

Except as expressly stated herein, the Lender reserves all its respective rights, privileges and remedies under the Loan Agreement, the other Loan Documents and any other contracts or instruments executed by Borrowers for the benefit of the Lender and the Borrowers acknowledge that all representations and warranties contained in the Loan Agreement and the other Loan Documents remain in full force and effect. In order to induce the Lender to execute this letter, the Borrowers accept and agree to each provision of this letter.

This letter may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which counterparts taken together shall constitute one and the same instrument. Notwithstanding any provision of this letter, this letter and the waivers herein provided shall not be effective in whole or in part unless and until the Lender shall have received an original of this letter which has been duly signed by the Borrowers, and the Lender may withdraw this letter and the waivers herein provided at any time before Lender's receipt of Borrowers' signed copy of this letter.

This letter is executed as of the date first written above,

Very truly yours,

NORTH FORK BUSINESS CAPITAL

CORPORATION, as Lender
